IF IT IS NEW AND TRUE THIS COLUMN HAS IT.

**Bitten by a Mad-dog—Child Burned to Death—Tried to Shoot—Double Hanging—Various New Items.**

**Doing Business With a Rob.**

Nine men were convicted last week in the Circuit Court at Elkton on various charges and were given terms ranging from one month in jail to three years in the penitentiary. There was not a single hung jury during the week.

**Rescued a Requisition.**

When officer Cravens went to Clarksville for Joe Johnson, col., who is wanted here on a charge of grand larceny, the prisoner flatly refused to return to Kentucky without a requisition. When the necessary papers are secured Johnson will be brought back to stand his trial. He is charged with the theft of an overcoat belonging to Mr. Sam Frankel.

**Widow and Widow Wed.**

Mr. John W. Cowan, a well-known Fruit Hill farmer, and widow, Mrs. Sarah F. Clark, who had been a widow for several years, were married at 6 o'clock p. m., Wednesday. Rev. John O. Smith officiating. The marriage took place in the presence of a few friends of the couple.

**Bitten by a Mad Dog.**

Clardy, Dec. 12.—Mr. L. T. Moreland's two little daughters, aged 8 and 3 years, were bitten by a dog this week, supposed to be mad. The dog was confined and died last Wednesday. Mr. Moreland took his children to Paducah last Thursday to have a mad stone applied, but had not returned last night.

**Millennium Predicted.**

A man giving the name of Reeper from Indiana, is preaching in Warren county, predicting the millennium. His predictions are that the millennium will dawn in 1900, and that between this and that time there will be many dire calamities visited upon humanity. God bugs coming in for a liberal share of his condemnatory remarks.

**Got a \$100 Job.**

Wm. Kepkath went gunning after Tom Richardson, his brother-in-law, last Thursday night, and had it not been for the quick work of officer Lander in arresting Kepkath there might have been a killing on High street. Kepkath was fined \$100 in the Police court Friday morning, and not having the cash on hand to liquidate, was sent to the work house, where he will smash stone for 100 days.

**Child Burned To Death.**

A little child of Mr. Manson Bennett, near Lafayette was playing near the fire in the absence of his mother, when his clothing caught on fire and burned so badly that he died last Wednesday in great agony. The mother had gone to a neighbor's house and left the child in the care of an older one, and somehow in playing around the fire its clothing caught and burned it with the above result. The mother heard the screams and ran home to find it in a blaze. She threw a bucket of water on it and took the clothing off, but the skin came off with them. The child lingered till Wednesday night when it died.—Fairview Review.

**Will Be a Double Hanging.**

Frankfort, Ky., Dec. 12.—Alonzo Walling must die with Scott Jackson for the murder of Pearl Bryan at Covington. The Court of Appeals this morning refused to grant Walling a new trial and the sentence of death of the Campbell County Circuit Court was affirmed.

The decision was handed down at 11 o'clock by Judge Hazlerig, who also prepared the Jackson opinion. The decision is indistinguishable from that rendered in the Jackson case. If there should be no application for leave to file a petition for a rehearing, the mandate in the Walling case will follow that in the Jackson case to the Governor and he will probably fix the same date for the execution.

Mrs. George Crighton, of Newport, who opposed the Louisville and Nashville railroad track in an attempt to save the life of a child, has been awarded a verdict for \$17,600 by a local jury for injuries received.

## ON LEAVELL DEAD.

One of the Negroes shot by Cliff Garrett Dead.

Tom Leavell, one of the negroes shot by Mr. Clifton Garrett last Wednesday night, near Longview, died Friday night.

Old Reuben Leavell, father of the young man killed, was worse hurt than at first supposed, and his wound is giving him much trouble and may yet take a fatal turn.

The facts of the affair as given Friday were substantially correct. The origin of the trouble was correctly set forth. A representative of the KENTUCKIAN visited the vicinity Saturday and secured the correct version of the affair. Young Garrett was assaulted by Reuben Leavell and at least two of his sons. After shooting Tom Leavell he was knocked down with a piece of iron and for a moment lost consciousness. When he recovered his senses Reuben Leavell and one of his sons were trying to get his pistol, and he shot old Reuben, the ball striking two inches above the heart and ranging upward into the left shoulder. The son then grabbed the pistol and it was taken from Garrett. He got up and ran for his life, pursued by some of his assailants for a mile or more. One version is that he left his pistol, but and cost.

The fact that all of the witnesses were negroes makes it difficult to get the correct details. Reuben Leavell was the political boss of his district and Garrett's own driver is under his influence. The danger to him lies in the absence of witnesses who could be relied upon to narrate the uncolored facts. The fact that the trouble occurred on Leavell's premises is also a point in law against him, but it cannot be supposed that he went with the intention of fighting half a dozen branny negro men, single-handed and alone, a mile from any possible assistance. This very fact is doubtless what led to the assault upon Garrett, the negroes seeing an opportunity to give a beating to a white man and a member of the hated "Farmers Club." It is they who made the fatal mistake, however, of jumping the wrong man and the Leavell family is not as large as it was a week ago. No importance is attached to the threats of mob violence to Garrett, attributed to the negroes of the Longview neighborhood. If a hair on his head is hurt, he will be stormy tunes in that part of the country.

**His Backbone Has Weakened.**

Cincinnati, Dec. 11.—A special to the Post from Frankfort, Ky., says: Gov. Bradley was at his office early this morning, and he did not appear surprised at the Washington reception of his announcement in regard to the special session of the Legislature. He said: I think I have been the most ill-used executive officer in the country. Everybody, it seems, wants to tell me what to do.

The Governor continued: "Now, I will write something for you so there can be no further mistake about it." Then, suiting the action to the word he wrote the following: "There will certainly be a special session called. It will be called at such a time as I can consistently believe proper. Not one day before or one day after. The responsibility is mine, and hence I have the right to and will use my discretion." WILLIAM O. BRADLEY.

Then he added: "All I ask is that you print this just as it is written."

**Prosperity In Your Eye.**

Henry Cleves, in his weekly review, says the feeling in trade circles continues buoyant and hopeful. He says that the President's message has allayed apprehensions of international complications with beneficial results. He anticipates a steady and healthful business revival.—Courier-Journal.

**Calls Us "Barroom Bums."**

Rev. Sam P. Jones, the well-known evangelist and lecturer, arrived in the city this morning from Urbana, O. where he lectured.

Mr. Jones is particularly pleased over the result of the election. "I have just finished a lecture in the east and visited Nebraska, Iowa and other States. I was before the election and after the battle of the ballots. Before the election the silverites were like a crowd of bums in a barroom. After it was all over things were like a graveyard."—Louisville Times.

Squire W. C. Holland, member of the 87-88 Legislature, is a candidate again, to represent Lyon and Marshall counties.

## MACEO MURDERED.

BETRAYED BY HIS SURGEON HE IS LED INTO AN AMBUSCADE.

On the Way, Maceo—Assassinated and Dragged By the Tail of a Horse.

Jacksonville, Fla., Dec. 12.—J. A. Huan, the agent of the Cuban junta here, has received a letter from Havana which confirms the death of Antonio Maceo, but also indicates that the Cuban leader was the victim of a treacherous plot formed by his own physician, Dr. Zertucha, and the Marquis De Ahumada, who acts as Captain General of Havana when Weyler is absent on the field.

The letter was dated Dec. 9, and the following extract gave the details:

"We are at present under the sad impression caused by the death of our brave General, Antonio Maceo, murdered together with the greater part of his staff, by the Spaniards, acting under the assassin Maj. Cirujeda, and as instrumental in this horrible drama, Maceo's second surgeon, Dr. Maximo Zertucha."

"Convinced as Weyler was, that notwithstanding his enormous army, he could do nothing against our gallant leader, who had so repeatedly defeated the Spanish generals in Pinar Del Rio, he conceived the idea of appeasing his beastly instincts by cold blooded murder, and making the best of the secret relation between Dr. Zertucha and the Marquis De Ahumada, he planned with the latter his scheme. Weyler took the field, and in his absence Ahumada proposed Zertucha a conference with Maceo, to take place at a certain point in the Province of Havana, with a view of arranging plans for the cessation of hostilities, on the basis of Cuba's independence and a monetary indemnity to Spain, with, moreover, certain advantages that would be agreed upon for Spanish commerce and Spanish capital here invested. To carry out the plans, would be given the arrangements of troops stationed at the trocha in the section between Mariel and Guanajay to allow Maceo, with his staff to pass the military line unmolested.

These communications took time to mature and, to give them the semblance of truth, Ahumada feigned that before setting the most make known his plans to Weyler for his previous approval; and this explains the sudden arrival of Weyler at Havana and his prompt return to Pinar Del Rio. When he arrived at the conditions and place of meeting, Maceo crossed the trocha over the road to Guanajay without being molested by the forces, but once arrived at the place decided upon, he and his party were greeted by a tremendous volley from the forces under Maj. Cirujeda, lying concealed in ambush. Most of the officers of his staff fell with Gen. Maceo. Zertucha is alive because he was a witness of the scheme, and retained the services of the Spaniards, who knew where the bodies are, but are bent on feigning ignorance to blot out the vestiges of the crime."

**To Fight for Cuba.**

Philadelphia, Dec. 12.—A regiment of 1,500 men to fight in Cuba is being raised in the cities of Baltimore, New York, Boston, Washington and Philadelphia and another regiment has already been raised for the states of Virginia and Tennessee.

Fayetteville, Ark., Dec. 13.—A company of twenty young men in this city have organized and within a few days will start for Cuba to join the rebel army.

Dallas, Tex., Dec. 13.—There was a great meeting at the City Hall this afternoon in the interest of the freedom of Cuba. Two thousand representative men and a hundred women were present. Andrew Jackson Houston, a son of the hero of San Jacinto, presided, and made a characteristic speech.

Tampa, Fla., Dec. 13.—Sixty-seven men left here this morning on the regular Florida Central Peninsular train in two private coaches for a point near Jacksonville, where they expected to embark to-night for Cuba. They formed one of three combined expeditions now enroute to Cuba. Gen. Carlos Roloff has sailed from some northern port in the Bermudas.

**Notice to Business Men.**

Business men should leave word at their homes if they want their houses numbered. It is impossible for census takers when assigning numbers to come down town and hunt up the business man, to find if he wants a number on his house. Trouble is being caused the census takers to do this and the work of numbering is being delayed. BE SURE AND LEAVE WORD AT YOUR HOME.

Matches made of paper are one  
the latest inventions.

Seventy-nine more days of Grover  
Cleveland.

Palmer is said to be loaded with a  
speech on the subject of his recent  
candidacy.

You are right for once, Gov. Brad-  
ley. Let's don't have any higher  
taxes until prosperity returns.

Senator Tillman has been heard  
from on the President's message. He  
says the best thing about it is that  
it is Grover's last.

Mr. Choate is a candidate to succeed  
Hill in the Senate. It he should get  
in, perhaps Texas will go the whole  
Hogg at the first opportunity.

They have it down so fine in Chicago  
now that you can get your divorce  
while you wait. A woman got a de-  
gree Saturday in twenty-one minutes  
after filing the petition.

The Daily Dispatch is the name of  
the new Democratic paper to be  
started in Louisville shortly, with  
Hon. B. A. Ealo as editor. The  
success of the undertaking is now as  
sured.

Mr. John P. Cozine, editor of the  
Shelbyville News, is dying of a fatal  
kidney disease, having been hopelessly  
ill for three months. Mr. Cozine  
is 55 years of age and has long been  
a prominent member of the Kentucky  
Press Association.

It has been pretty well established  
that Referee Wyatt Earp was in a  
scheme to rob Fitzsimmons of the  
\$100,000 in his fight with Sharkey.  
Fitz has gone into the courts to prove  
that devilment was Earp.

"Gypsy," the most dangerous ele-  
phant in captivity, that has killed  
four keepers, is to be electrocuted in  
Chicago, as the owners have come to  
the conclusion that they have an ele-  
phant on their hands.

All four of the Republican papers  
of Louisville are roasting Gov.  
Bradley on account of his refusal to  
call a special session of the Legisla-  
ture to elect Hunter to the Senate and  
to increase the taxes of the people in  
the midst of hard times.

Gen. Macoe's second in command  
is Gen. Rios Reivera, who will succeed  
the brave leader if the report of his  
death is confirmed. Gen. Reivera  
proved himself a successful soldier  
and brave fighter in the last war  
against Spain.

Gus. W. Richardson, of Meade;  
Robt. Green, of Franklin; W. B. Gib-  
son, of Garrard; and Green R. Kel-  
lar, of Nicholas, are prospective can-  
didates for the Democratic nomina-  
tion for Clerk of the Court of Ap-  
peals next year.

Miss de Barril has been elected to  
succeed the late Ward McAllister as  
the head of the "Patriarchs" of New  
York. There is something about the  
young lady's name that suggests that  
Mark Hanna may be eligible to be-  
come a "Patriarch" when he goes  
East.

Mr. Bryan will open his course of  
lectures at Atlanta Dec. 23 and lec-  
ture in Nashville some time in Janu-  
ary. At \$3000 a night, he will come  
a little too high for Hopkinsville, but  
he has more friends and admirers  
among the white people of this city  
than any living man.

Ex-Secretary Hoke Smith defended  
a woman last week who was accused  
of picking a doctor's pocket while  
kissing him. He proved to the satis-  
faction of the jury that his client  
could not have rifled his pockets  
while she had both arms around  
his neck. To establish this fact he  
required the doctor to take him in  
his arms and show the jury how he  
held the lady while the kissing was  
going on.

## THE ASSASSINATION OF MACOE.

There seems to be no longer a reason-  
able doubt of the death of Gen.  
Antonio Macoe, the second in com-  
mand of the Cuban officers. He was  
lured into a Spanish ambush under  
a flag of truce and every member  
of his escort, consisting of 32 sta-  
tioned officers, was killed with the single  
exception of Dr. Maximo Zertucha, the  
second surgeon, who betrayed the Mar-  
quis Alameda for the cowardly as-  
sination. A shooting was arranged  
through Zertucha, at the request of  
the Marquis and Macoe was invited  
to a conference and led into an am-  
bush. Maj. Cirujeda having been  
assigned the bloody duty of violating  
the most sacred principle of civil-  
warfare—the flag of truce—and not a  
man lived to tell the tale except Zer-  
tucha who was not even arrested, but  
went to Havana to spread the news  
and furnish the proof that Macoe had  
been "killed in battle."

It is called from Madrid that the  
Queen Regent of Spain on Saturday  
gave audience to the wife of Maj.  
Cirujeda and promised to heap honors  
upon the assassin and educate his son  
at public expense. Gen. Weyler  
upon his return to Havana was re-  
ceived with cheers and made a speech  
expressing his delight at the death of  
the brave soldier and murdered  
patriot. Nothing else, however,  
could have been expected of this  
monster, who butchered the brave  
prisoner of war Antonio Coloma with  
a pardon from the Queen in his  
pocket. With such methods of war-  
fare prevailing within 80 miles of our  
shores, if becomes the imperative duty  
of the United States government to  
recognize the belligerency of the  
Cubans and put a stop to the brutal  
atrocities that rival those of the  
Turks in Armenia. It is high time  
for us to do for struggling  
Cuba what France did for the rebel  
colonies in the last century. Upon  
this question the people of the United  
States are practically united. Res-  
olutions of sympathy have passed  
both branches of Congress, but the  
monarchy-loving occupant of the  
White House still talks about "non-  
interference." The American people,  
regardless of party, can only wait  
with impatience and live in the hope  
that the new President will take ac-  
tion upon this question as soon as he  
takes the oath of office.

In the meantime, the struggle for  
Cuban independence will go on until  
the gallant patriots gain their liberty.  
Macoe, Marti, Za, a, Jose Macoe,  
Combet, all brave leaders, have fallen  
but Gomez, Garcia, Rios, Reivera and  
other intrepid fighters still remain  
and the war will go on. With 40,000  
soldiers in the field the Cubans are  
stronger than ever before and al-  
though Weyler has 200,000 troops on  
the island, he cannot conquer the  
brave patriots who are fighting for  
their homes.

The death of Macoe is a severe  
blow and a year ago might have been  
fatal to the cause, but a year's fight-  
ing has developed other brave officers  
who can carry on the work for which  
he laid down his life. Gen. Macoe  
was the last of his family. His father  
and nine sons have died for Cuba  
liberty. Gen. Macoe was a product  
of the war of 1898-78. He was born  
in 1848 and rose to the rank of gen-  
eral in the ten years' struggle. When  
the Cubans were forced to abandon  
the struggle, he came to the United  
States and secured employment as a  
hostler at the military school at West  
Point, where he borrowed books from  
the cadets and studied the science of  
war. He assisted in bringing about  
the present revolution and has been  
constantly in the field since the  
beginning of hostilities two years  
ago. His brother Jose was killed.

## Woman's Work

Is never done, and it is especially wear-  
ing and wearisome to those whose blood is  
impure and unfit properly to tone, sus-  
tain, and renew the wasting of nerve  
muscle and tissue. It is more because of  
this condition of the blood that women  
are run down.

Tired, Weak, Nervous.  
Then because of the work itself. Every  
physician says so, and that the only re-  
medy is in building up by taking a good  
nervine tonic, blood purifier and vitalizer  
like Hood's Sarsaparilla. For the troubles  
peculiar to women at change of season,  
climate or life, or resulting from hard  
work, nervousness, and impure blood,  
thousands have found relief and cure in

## Senate Will not Confirm

Washington, D. C., Dec. 11.—The  
silver Senators who have been wait-  
ing developments in the deal be-  
tween President Cleveland and the  
leader of the gold Democrats and  
President-elect McKinley have a de-  
finite policy.

It is affirmed with much accuracy  
of detail from Senatorial sources that  
all the recess appointments and ap-  
pointments to be made by Mr. Cleve-  
land before March 4, where the osten-  
sible object is to make places for gold  
bugs, will be turned down.

Every nomination not based on the  
best grounds will be rejected and this  
applies with especial force to the re-  
cess appointments made since the  
election.

## Charlie McDaniel's Latest Sneeze.

Chas. G. McDaniel who was ar-  
rested Wednesday in Hopkinsville, on  
a charge of housebreaking, was a  
clerk in the internal revenue office in  
Owensboro while John Island was  
collector. He was one of the most  
capable men in the office but was ad-  
dicted at times to hard drinking.  
This arrest in Hopkinsville is the re-  
sult of one of his spones, he having  
broken into the house of his next  
door neighbor while drinking,  
greatly frightening and angering the  
family. It is not believed that he  
committed the act with any felonious  
intent.—Owensboro Messenger.

## Twice-A-Week Courier-Journal.

Beginning the first of the new year  
the Weekly Courier-Journal, of Louis-  
ville, Ky., will be changed to the  
Twice-a-week Courier Journal. It  
will be published Wednesday and  
Saturday mornings. The paper will be  
six pages, or twelve pages a week, in-  
stead of ten pages weekly, as at pre-  
sent, an increase of 832 columns of  
matter during the year. The Wednes-  
day issue will be devoted exclusively  
to news and news, and the Saturday  
day issue will be strictly a family  
paper—filled with stories, miscellany,  
pictures, poetry, sketches, etc.

The politics of the paper will not be  
changed, and the battle for pure  
Democracy and true Democratic prin-  
ciples will be continued successfully  
in the future as in the past. In spite  
of the expense involved in the im-  
provements noted, the price of the  
Twice-a-week Courier-Journal will  
remain the same, one dollar a year,  
with liberal inducements to agents  
or old subscribers who send in new  
ones. A feature during the coming year  
will be the editorials of Mr. Henry  
Waterson on political and other topics  
of the day.
